Comments to the author	1. The author should state who's the dominating social actors for Indonesia public morality due to halal food (chicken met). 2. Is is for all food or chicken meat only for halal product? 3. The author should present the flow chart of choken meat or all halal food form Brazil to Indonesia, and what are GATT regulation within halal product
Comments to Editor:	
The study tends to a case study that include food safety and halal policy. The author should mention who are the social actor that dominated to decide such rules of halal in Indonesia, how is the process of negotiation between Indonesia and the exporting country.
